Pre-Approved TX Community College Transfer Courses

These courses are approved for currently enrolled SU students if taken through Summer 2024, and for Fall 2023/Spring 2024 applicants.

Courses on this pre-approved list, taken from Texas Community Colleges, can be taken online through the Summer 2023 term. Seek written permission from the appropriate department chair for any other courses to be taken online. To request approval of transfer coursework, complete the “Permission to Add Transfer Courses” form available on the [Registrar’s website](#) and email it to registrar@southwestern.edu.

A list of additional pre-approved courses is available online at the TCCNS website: www.tccns.org – select Southwestern University from the list of Institutions.

Notes:

1. Advanced approval is required for any transfer work taken in the last 32 hours toward an SU degree, and exceptions have several constraints – see the graduation requirements list p.18, 2021-2023 [SU Catalog](#).
2. Transfer course work must be reported by official transcript sent to the Office of the Registrar upon completion of the course(s).
3. Upper-level course equivalents will be changed to lower-level coursework at SU if taken from a 2 year institution or if lower-level at 4-year institution.
4. Students must receive a grade of C- or higher for the course credit to transfer.
5. The number of credits that transfer is equivalent to the number of credits earned.
6. Approval of these courses is not a guarantee of meeting degree plan requirements.
7. Language courses are listed separately. Languages not offered at SU may transfer in as Language I, II and III.
8. Courses not included on this list must be approved by the Office of the Registrar or appropriate department chair.

Note A: Students who matriculated prior to Summer 2023 will transfer courses in under previous course numbers.

Note B: Students who matriculate beginning in Fall 2023 will transfer courses in under new course numbers.
