

Military Affiliated Student External Mentorship and Support Opportunities

updated as of 4/2026

Organization Name	Summary	Website Link
American Corporate Partners	Personalized mentorship and resources to help Veterans and Active-Duty Spouses build meaningful careers and successful businesses.	https://www.acp-usa.org/
MilMentor	MilMentor is a free mentorship platform that connects veterans, transitioning service members, and military spouses with over 350 mentors from leading companies and veteran-founded businesses.	https://www.milmentor.com/
Still Serving Veterans	At Still Serving Veterans we make a lasting impact on Veterans and their families by providing professional support services that empower and equip them for a secure future.	https://ssv.org/
Haven of Purpose	Haven of Purpose exists to restore hope, health, and purpose to military veterans through personalized care, therapeutic rehabilitation, and workforce development. Honoring their service by supporting their future and empowering lifelong transformation.	https://havenofpurpose.org/
Warrior-Scholar Project: Academic Boot Camps	Warrior-Scholar Project (WSP) is a national nonprofit providing free, intensive "academic boot camps" at top-tier universities. Programs help enlisted veterans and transitioning service members develop the analytical reading, writing, and STEM skills necessary to excel in higher education. Cost: Free (includes lodging and meals for on-campus programs). Focus: Humanities, STEM, and Business	https://www.warrior-scholar.org/
Warrior-Scholar Project: College Success Kit	This course is designed to help you not just survive college, but thrive. Its content is grounded in contemporary research on student veteran transition and academic success in higher education. And each module has been shaped by the input and experience of thousands of warrior-scholars who have successfully transitioned to college and beyond. The best part is that you can complete it at your own pace on your own time as you transition from service. Within the five topic areas, you'll learn critical information, processes, and tools while engaging in a mix of direct instruction, lively classroom discussion, and tailored reading and activities.	https://www.warrior-scholar.org/the-veterans-college-success-kit/
